

**KEYSTONE HEALTH CENTER
ACCESS TO HEALTH CARE TASKFORCE**

DATE: July 19, 2018

RECORDER: Christina Methner

START TIME: 11:00 a.m.

Donna Brandmeyer, David Grant, Robin Harmon, Traci Kline, Pam Laye, Daphne Murray, Noel Purdy,

TOPIC	DISCUSSION	ACTION
Call To Order		Daphne Murray called the meeting to order at 11:00 a.m.
Approval Of Minutes		On a motion by Robin Harmon and seconded by Pat Donna Brandmeyer, the minutes of the July 19 th meeting were unanimously approved as presented.
Old Business		
<p>A. Follow Up on Ludwig Patients</p> <p>B. Update on New Chair for Mental Health Taskforce a. Why People Don't Seek Treatment</p> <p>C. Transportation Issues</p> <p>D. Insurance Affordability for Small Businesses</p> <p>E. Public Health Training 101</p>	<p>A.-E. No discussion as many members were not in attendance. Robin had no news to report about insurance affordability.</p>	
New Business		
A. Scorecard for Year Two	<p>A. The group reviewed the scorecard and our goals. Daphne reported we have made some progress as groups are active and continue to meet. We are focusing on nutrition with a few schools at the present time.</p> <p>Dave Grant reported Keystone has been focusing on social determinants of health. We began a pilot in April to collect data about our patients' living conditions, needs, life circumstances, etc. While we don't have enough data to make any conclusions, we can tell that we have at least some patients who are lacking in social and financial areas. Once we collect more data, we want to be able to connect people to community resources</p>	

<p>B. Scorecard for Year 1-2-3</p> <p>C. Updates from Members</p>	<p>and identify where community resources may be lacking. It may be a good idea to invite a SCCAP representative to a future taskforce meeting.</p> <p>Dave shared the questionnaire Keystone is using and invited other community groups to use it as well so we can all work together to identify resources.</p> <p>Traci notices there sometimes aren't resources to give patients. Daphne will continue talking with Summit about the PRAPARE tool and ways to build interventions. Noel said Healthy Franklin County is working on a food insecurity map with resources.</p> <p>B. No discussion due to time.</p> <p>C. Dave reported Keystone is using Lyft as a compliment to RabbitTransit for non-emergent medical transportation. Pam Laye recently accompanied a patient to Hershey for a procedure when the patient had no one else to go.</p> <p>Donna reported Waynesboro Community and Human Services has a patient load of 35 with four part-time nurses. They are still offering the same services and grants are coming in. As of June 30, the Summit Health grant is finished.</p> <p>Noel reported Healthy Franklin County is collecting taskforce data and is working on the Community Health Needs Assessment that takes place every three years.</p> <p>Daphne reported there is a new COPD clinic for patient which is open 12-1 daily for people being discharged from the hospital. They can call a hotline (717-264-1600) at any time for information. Standard education and transit information was developed. They are trying to build a collaboration with nursing homes. There will likely be more joint collaboration with WellSpan.</p> <p>Traci reported there was only one provider accepting referrals from the aging waiver program, and that provider stopped accepting them. This is an important service, so we need to find a willing provider. Hopefully WellSpan will be able to help.</p>	
Next Meeting	The next meeting is scheduled for September 20, 2018 at 11:00 a.m.	
Adjournment		Daphne adjourned the meeting at 11:55 a.m.

Respectfully submitted by:

Christina Methner, Recorder
